

Dear Mr Powell et al.

I write to emphatically stress that I am opposed to loosening the rules of media ownership. We have lost much diversity and variety in our radio market and risk the same with cross ownership rules being taken away. I do believe that while we want a free and robust economy, you must recognize that our freedom of the press, our diversity, and our free speech must be preserved and sometimes this requires moderation outside of sheer capital force.

Thank you and I implore a vote against loosening of media ownership rules.
